The Search for WondLa

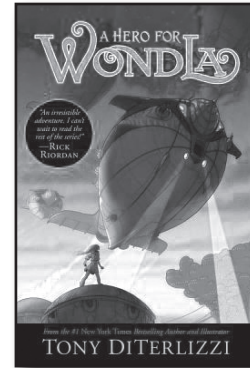

Ages 10-14 • AR Level 5.2

When a marauder destroys her underground sanctuary, twelve-year-old Eva Nine is forced to flee aboveground to search for anyone else like her. She knows that other humans exist because of an item she treasures—a scrap of cardboard on which is depicted a young girl, an adult, and a robot, with the strange word, "WondLa." Breathtakingly illustrated, and readers with webcams can access Augmented Reality that reveals more about Eva Nine's world. A space-age adventure as complex as an alien planet, but as simple as a child's wish for a place to belong.
